

Port Report

MAY 2021

SPECIAL EVENTS AND NEW COORDINATOR

The schedule in Marine Park is starting to look more like a typical summer, although the events themselves will certainly not look as they have in the past. Each event promoter has created plans to be able to host events in accordance with State of Oregon Covid guidelines. All events require careful oversight and constant coordination with the ever-changing guidelines. Fortunately, the Port hired on new Event Coordinator, Jeanetta Blue just in time. Jeanetta comes to us experience in corporate event planning and community outreach. The Port is excited for what she will bring to the events program. Some events you can expect to see are 4th of July Celebration - July 4th, Bridge of the Gods Run - August 15th, PCT Days - August 20th-22nd, Cascade Locks Alumni Dinner - September 4th, Old Timers Picnic - September 5th, and Bridge of the Goddess Run - September 11th. Between major events, private events such as weddings, baby showers, birthdays and other special celebrations are also scheduled for various facilities in Marine Park. If interested in booking a special event, reach out to Jeanetta at jjblue@portofcascadelocks.org or 541-374-2405.

MARINE PARK TRAIL PROJECT

The Port of Cascade Locks and Oregon Department of Transportation are planning for a future bike and pedestrian path network within Marine Park that will be accessible for everyone. A survey is now available on the project website through June 11 to gather community input on values and uses for Marine Park. Port Commission President Jess Groves said, "This is a great opportunity to plan for the future of Marine Park and I am excited to hear the community's thoughts on this project." This planning-level project should be completed by early 2022 and includes understanding the construction costs, environmental and cultural implications of building the trail, and understand any other risks tied to construction. Funding for the trail construction has not been identified, but the Port of Cascade Locks is developing a funding strategy. More information will be shared online as the project continues. To respond to the survey, visit www.surveymonkey.com/r/MPTrail.

ELECTION RESULTS

There were two commission seats available in the recent election. Both incumbents, Jess Groves and Joeinne Caldwell won their re-elections. Commissioners will be sworn into office on July 7th with election of officers and sub-committee appointments to follow.

MOVIES IN THE PARK

The Port of Cascade Locks is excited to announce that Movies in the Park will be making a comeback this summer! Due to the licensing restrictions, we are unable to display movie titles on posters or social media, but can announce titles in direct correspondence such as phone calls, emails or mailing lists, such as the Port Report! Below is the movie dates and titles for this summer's Movies in the Park! These events are free to all and begin at dusk. We ask that everyone observe current covid guidelines to ensure that we can continue to host these fun community events!

ORDINANCE EXPLAINED

On May 19th, the Port Commission approved Ordinance 2021-1, which regulates conduct on Port property. This ordinance also repealed and replaced former ordinances 1997-1 and 2020-1. The new ordinance came from review of the 1997-1 ordinance and the necessity of updated some key items. Changes to note are: paid parking is required on Port Property (this was established in Ordinance 2020-1), but now combined in this ordinance. Paid parking does not apply to residents with properly displayed resident parking permit), No alcohol allowed on Port Property unless granted by special permit, speed limits on Port property are all 15 MPH, with exception of Toll Plaza, where the speed limit is 5 MPH. Note that signage will be updated shortly.
